

**Enable Ireland teams support children from all over Ireland – but this year we’ve had some very special visitors come from the North Pole!**

This Little Elf loves helping Santa write The Nice List – but Santa was finding his handwriting hard to read. The Occupational Therapist suggested improving his posture by giving him more support in his chair and at his feet. This makes it much easier to write clearly because he is more stable.

We think the Occupational Therapist’s name is on The Nice List!!
