

Enable Ireland teams support children from all over Ireland – but this year we’ve had some very special visitors come from the North Pole!

This Little Elf finds it really hard to stay in one place all the time. He was distracting everyone at the workbench and getting into lots of trouble.

The Occupational Therapist recommended regular movement breaks with opportunities for pushing, pulling, lifting and carrying to provide him with lots of sensory input.

Santa asked him to help move the presents to the store room. He’s much calmer now.
