

Enable Ireland teams support children from all over Ireland – but this year we’ve had some very special visitors come from the North Pole!

This Little Elf finds it hard to remember words sometimes – and that makes having a conversation difficult.

Our Speech and Language Therapist suggested some sorting activities to help him build up associations between words. This makes remembering words easier.

Santa has asked the Elf to sort out toys for the girls and boys stockings. He needs to find everyone:

- Something to eat
- Something to draw with
- Something to play with
- Something to squeeze
- Something to bounce

He has become very chatty about his new job.
